Winter Wonderland

Caryn Colman is a passionate advocate for the organic producers that dot the Temiskaming region of northern Ontario where she and her husband Francis Boyes run Smoothwater Ecolodge (www.smoothwater.com). Culinary specialties at this rustic resort in Temagami include homemade bread (see recipe page 102), organic roast lamb and local artisanal cheese. Add 45 kilometers of cross-country ski trails and you've a winter weekend made in heaven. Even better for southerners, there's regular train service from Toronto (www.northlander.ca). Great food, good skiing, no driving? Bliss.
